

God wants you to give us your babies
Because we are better than you

We have been busy
Dealing with cruelty and abuse
And have neglected the job
Of building an moral system
Not created on I'm better than you

God wants us to the have your money
Because we are better than you

We have been busy
Dealing with cruelty and abuse
And have neglected the job
Of building an moral system
Not created on I'm better than you

God wants us to tell you what to do
Because we are better than you

We have been busy
Dealing with cruelty and abuse
And have neglected the job
Of building an moral system
Not created on I'm better than you

God wants you to give us your wives and daughters
Because we are better than you

We have been busy
Dealing with cruelty and abuse
And have neglected the job
Of building an moral system
Not created on I'm better than you

God wants us to tell you what to do
Because we are better than you

We have been busy
Dealing with cruelty and abuse
And have neglected the job
Of building an moral system
Not created on I'm better than you

God wants you to have faith in us
Because we are better than you

We have been busy
Dealing with cruelty and abuse
And have neglected the job
Of building an moral system
Not created on I'm better than you

God wants us to put you into concentration camps
Because we are better than you
